Synaptics Reports Fourth Quarter and Fiscal 2007 Results

Record Annual Revenue Grows 45%; Net Income Increases 94% over Prior Fiscal Year

Santa Clara, CA — August 9, 2007 — Synaptics (Nasdaq: SYNA), a leading developer of human interface solutions for mobile computing, communications, and entertainment devices, today reported financial results for the fourth quarter and year ended June 30, 2007. The Company's GAAP results reflect the expensing of non-cash share-based compensation for all periods presented.

Net revenue for the fourth quarter of fiscal 2007 was \$71.6 million, an increase of approximately 63% over the \$43.9 million for the fourth quarter of fiscal 2006. Net income for the fourth quarter of fiscal 2007 was \$7.4 million, or \$0.27 per diluted share, compared with net income of \$1.8 million, or \$0.07 per diluted share, for the fourth quarter of fiscal 2006. Net income, excluding share-based compensation, was \$10.0 million, or \$0.36 per diluted share, for the fourth quarter of fiscal 2007, compared with \$4.2 million, or \$0.15 per diluted share, for the fourth quarter of fiscal 2006.

Net revenue for fiscal 2007 was \$266.8 million, an increase of approximately 45% over the \$184.6 million for fiscal 2006. Net income for fiscal 2007 was \$26.5 million, or \$0.94 per diluted share. This compares with net income of \$13.7 million, or \$0.51 per diluted share, for fiscal 2006. Net income, excluding share-based compensation and non-recurring items for fiscal 2007, was \$37.6 million, or \$1.31 per diluted share, compared with net income, excluding share-based compensation, of \$24.0 million, or \$0.85 per diluted share, for fiscal 2006.

"Fiscal 2007 was a stellar year for Synaptics as we achieved record annual revenue, growing our top line 45%, and almost doubling our net income compared with fiscal 2006," stated Francis Lee, president and chief executive officer of Synaptics. "Our solid performance reflects strong growth in all of our target markets. During the year, we also introduced our configurable OneTouch offering. We believe the addition of OneTouch to our solutions portfolio enhances our ability to serve our customers' needs and to compete in multiple fast-growing markets. The growing mobility and digital lifestyle trends play into our strengths as emerging products and applications require intuitive, easy-to-use interface solutions. We are very excited by the expanding opportunities in front of us and believe we are well positioned to deliver record revenues and profits in fiscal 2008."

Russ Knittel, the Company's chief financial officer, added, "Based on our backlog of \$46.9 million entering the September quarter and anticipated new orders during the period, we expect revenue for our first fiscal quarter to be up 16% to 19% sequentially, representing a 51% to 55% increase over the comparable period last year. Looking out to the seasonally strong December quarter, current data points lead us to believe that revenues will increase 10% to 15% sequentially as compared to our September quarter expectations."

Earnings Call Information

The Synaptics fourth quarter teleconference and webcast is scheduled to begin at 2:00 p.m., Pacific Time, on Thursday, August 9, 2007, during which the Company will provide forward-looking information. To participate on the live call, analysts and investors should dial 800-240-6709 at least ten minutes prior to the call. Synaptics will also offer a live and archived webcast of the conference call, accessible from the "Investor Relations" section of the Company's Web site at www.synaptics.com.

Use of Non-GAAP Financial Information

In evaluating our business, we consider and use net income per share excluding share-based compensation and non-recurring items as a supplemental measure of operating performance. Net income excluding share-based compensation and non-recurring items is not a measurement of our financial performance under GAAP and should not be considered as an alternative to net income. We present net income excluding share-based compensation and non-recurring items because we consider it an important supplemental measure of our performance. We believe this measure facilitates operating performance comparisons from period to period by eliminating potential differences in net income caused by the existence and timing of non-cash compensation charges and non-recurring items. Net income excluding share-based compensation and non-recurring items has limitations as an analytical tool, and you should not consider it in isolation or as a substitute for our GAAP net income. The principal limitations of this measure are that it does not reflect our actual expenses and may thus have the effect of inflating our net income and net income per share.

Forward-Looking Statements

This press release contains "forward-looking" statements about Synaptics, as that term is defined under the federal securities laws. Synaptics intends such forward-looking statements to be subject to the safe harbor created by those laws. Such forward-looking statements include, but are not limited to, statements regarding Synaptics' anticipated revenue, revenue growth rates and anticipated customer orders in the first half of fiscal 2008; its beliefs regarding the markets it serves; its assessment of market demands and trends in target markets; and its assessment of consumer demands for various applications. Synaptics cautions that these statements are qualified by important factors that could cause actual results to differ materially from those reflected by the forward-looking statements contained herein. Such factors include, but are not limited to, (a) demand for Synaptics' products, (b) market demand for OEMs' products using Synaptics' solutions, (c) changing market demand trends in the markets it serves, and (d) other risks as identified from time to

time in Synaptics' SEC reports, including Quarterly Reports on Form 10-Q and the Annual Report on Form 10-K for the fiscal year ended June 30, 2006. All forward-looking statements are based on information available to Synaptics on the date hereof, and Synaptics assumes no obligation to update such statements.
