## **Synaptics Delivers Touch Controller Solutions to Google's Latest Flagship Nexus Smartphones**

### **Demonstrates Continued Leadership in Mobile, Strong Partnerships in the Mobile Ecosystem**

SAN JOSE, Calif., Oct. 27, 2015 /PRNewswire/ --Synaptics Inc. (NASDAQ: SYNA), the leader in human interface solutions, today announced that Google has adopted the Synaptics® ClearPad® Series 3 family of touch controller solutions to power its newest flagship smartphones, the Nexus 5X by LG and the Nexus 6P by Huawei.

Synaptics works closely with key ecosystem partners like Google to provide strategic collaboration in the joint development of next generation technologies. Together, we have enabled the industry's most powerful touch experience in yet another family of flagship Android devices.

"Longtime partners like Google trust us to deliver complete solutions that offer industry-best consumer experiences backed by our dependable and fast time to market manufacturing capability and our solid foundation within the global ecosystem," said Srinivas Pattamatta, Senior Director of Product Marketing, Smart Display Division, Synaptics.

#### **About Synaptics:**

Synaptics is the pioneer and leader of the human interface revolution, bringing innovative and intuitive user experiences to intelligent devices. Synaptics' broad portfolio of touch, display, and biometrics products is built on the company's rich R&D, extensive IP and dependable supply chain capabilities. With solutions designed for mobile, PC and automotive industries, Synaptics combines ease of use, functionality and aesthetics to enable products that help make our digital lives more productive, secure and enjoyable.
