

Synaptics Reports Results for Second Quarter Fiscal 2015

- Record December guarter revenue of \$464 million up more than double year-over-year
- Second consecutive calendar year of over 50% revenue growth

SAN JOSE, Calif., Jan. 29, 2015 /PRNewswire/ -- Synaptics (NASDAQ: SYNA), a leading developer of human interface solutions, today reported financial results for its second quarter ended December 27, 2014. Results for the period reflect the first quarter of consolidated results from the acquisition of Renesas SP Drivers, Inc. (RSP), completed on October 1, 2014.

Net revenue for the second quarter of fiscal 2015 grew 125% over the comparable quarter last year to \$463.7 million. Net income for the second quarter of fiscal 2015 was \$20.0 million, or \$0.52 per diluted share. Non-GAAP net income for the second quarter of fiscal 2015 was \$55.8 million, or \$1.46 per diluted share. (See attached table for a reconciliation of GAAP to non-GAAP financial measures.)

"Synaptics achieved record top-line results for the second quarter, which included strong contributions from our new display drivers business," stated Rick Bergman, President and CEO. "We continue to execute across our strategic growth initiatives, with our new area touch fingerprint sensor and the market's first touch and display driver integrated (TDDI) solution now in mass production. We are very optimistic regarding our outlook for the second half of fiscal 2015 and are tracking well towards our combined operating model following the integration of RSP."

Second Quarter 2015 Business Metrics

- Revenue mix from mobile and PC products was approximately 86% and 14%, respectively. Fingerprint ID products have been classified according to type of device.
- Revenue from mobile products was up 198% year-over-year to \$398.3 million. Mobile products revenue includes all touchscreen, display driver, and applicable fingerprint ID products.
- Revenue from PC products totaled \$65.4 million, a decrease of 9% year-over-year, and includes applicable fingerprint ID products.

Cash at December 31, 2014 was \$327.5 million, a decrease of \$122 million from the prior quarter. The decrease in cash was due to the purchase of RSP early in the quarter. In the second quarter of fiscal 2015, cash flow from operations was a negative \$16.5 million as a result of the purchase of RSP inventory totaling \$115 million from Renesas post-acquisition. Year-to-date, the company has used \$91 million to repurchase approximately 1.3 million shares of its common stock, or roughly 3.5% of the total shares outstanding.

Kathy Bayless, CFO, added, "Considering our backlog of \$245 million entering the March quarter, customer forecasts and the resulting expected product mix, we anticipate revenue to be in the range of \$450 to \$490 million, an increase of 120% to 140% over the prior year period. We expect the revenue mix from mobile and PC to be similar to the preceding quarter."

Earnings Call Information

The Synaptics second quarter fiscal 2015 teleconference and webcast is scheduled to begin at 2:00 p.m., Pacific Time, on Thursday, January 29, 2015, during which the company will provide forward-looking information. To participate on the live call, analysts and investors should dial 1-888-337-8198 (conference ID: 6552336) at least ten minutes prior to the call. Synaptics will also offer a live and archived webcast of the conference call, accessible from the "Investor Relations" section of the company's web site at www.synaptics.com.

About Synaptics Incorporated

Synaptics is the pioneer and leader of the human interface revolution, bringing innovative and intuitive user experiences to intelligent devices. Synaptics' broad portfolio of touch, display, and biometrics products is built on the company's rich R&D and supply chain capabilities. With solutions designed for mobile, PC and automotive industries, Synaptics combines ease of use, functionality and aesthetics to enable products that help make our digital lives more productive, secure and enjoyable. (NASDAQ: SYNA) www.synaptics.com.

Use of Non-GAAP Financial Information

In evaluating its business, Synaptics considers and uses net income excluding share-based compensation, change in contingent consideration, and certain non-cash or non-recurring items as a supplemental measure of operating performance.

Net income excluding share-based compensation, change in contingent consideration, and certain non-cash or non-recurring items is not a measurement of the company's financial performance under GAAP and should not be considered as an alternative to GAAP net income. The company presents net income excluding share-based compensation, change in contingent consideration, and certain non-cash or non-recurring items because it considers it an important supplemental measure of its performance. The company believes this measure facilitates operating performance comparisons from period to period by eliminating potential differences in net income caused by the existence and timing of share-based compensation charges, change in contingent consideration, and certain non-cash or non-recurring items. Net income excluding share-based compensation, change in contingent consideration liability, and certain non-cash or non-recurring items has limitations as an analytical tool and should not be considered in isolation or as a substitute for the company's GAAP net income. The principal limitations of this measure are that it does not reflect the company's actual expenses and may thus have the effect of inflating its net income and net income per share.

Forward-Looking Statements

This press release contains forward-looking statements that are subject to the safe harbors created under the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended. Forward-looking statements give our current expectations and projections relating to our financial condition, results of operations, plans, objectives, future performance and business, and can be identified by the fact that they do not relate strictly to historical or current facts. Such forward-looking statements may include words such as "expect," "anticipate," "intend," "believe," "estimate," "plan," "target," "strategy," "continue," "may," "will," "should," variations of such words, or other words and terms of similar meaning. All forward-looking statements reflect our best judgment and are based on several factors relating to our operations and business environment, all of which are difficult to predict and many of which are beyond our control. Such factors include, but are not limited to, the risks as identified in the "Risk Factors," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Business" sections of our Annual Report on Form 10-K for the fiscal year ended June 28, 2014 and our Quarterly Report on Form 10-Q for the quarter ended September 27, 2014, and other risks as identified from time to time in our Securities and Exchange Commission reports. Forward-looking statements are based on information available to us on the date hereof, and we do not have, and expressly disclaim, any obligation to publicly release any updates or any changes in our expectations, or any change in events, conditions, or circumstances on which any forward-looking statement is based. Our actual results and the timing of certain events could differ materially from the forward-looking statements. These forward-looking statements do not reflect the potential impact of any mergers, acquisitions, or other business combinations that had not been completed as of the date of this filing.
